Washington is spending too much, borrowing too much, and taxing too much. Government expansion is at an all-time high, and it's got to stop.

# IT'S TIME TO TAKE BACK OUR COUNTRY!

As your Congressman, John Sullivan is working to stop the out-of-control growth in Washington, DC and return to the **fundamental principles** of government found in the Constitution.

## ✓ Work for Responsible Healthcare Reform

The rapid growth of healthcare costs is eroding the paychecks and the savings of millions of Americans. Skyrocketing insurance costs are overburdening small businesses across America, leaving millions without affordable coverage. **Changes must be made.**

Some Members of Congress favor a government-run healthcare system, also known as universal, nationalized, single-payer, or socialized healthcare. Many promises will be made about the advantages, but John Sullivan doesn't believe nationalizing our healthcare system is going to fix our problem.

John Sullivan believes that individuals should be able to **choose their own doctors, and that healthcare choices should be left up to families**, not Washington bureaucrats.

## ✓ Stop Federal Funding for ACORN

John Sullivan is a proud cosponsor of H.R. 3571, the *Defund ACORN Act*. This legislation would terminate all federal funding to the Association of Community Organizations for Reform Now (ACORN) and its affiliates.

Congressman Sullivan will continue fighting to ensure that ACORN, or any other organization that uses taxpayer dollars to break the law, does not receive another dime from the American people.

## ✓ Rein in the Appointment of Unaccountable Czars

The American people deserve **transparency and accountability** in their government. Leaving key policy decisions in the hands of unelected, unaccountable czars poses a threat to our system of checks and balances in government.

John Sullivan is a proud cosponsor of **legislation that would rein in the appointment of czars** and bring accountability to the process. H.R. 3226, the *Czar Accountability and Reform (CZAR) Act of 2009*, would require any additional czar appointments to be confirmed by the United States Senate.

In addition, John Sullivan is an original cosponsor of H.Con.Res 185, which calls on President Obama to certify the qualifications and responsibilities of the czars in his administration.
